

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Egyptian Vitreoretinal Society (EGVRS) Annual Meeting

Theme: The **MaCula iN FoCus!**

Date: 1-3 March 2023

Venue: Conference Hall Marriott Mena House hotel, Cairo, Egypt

Dress Code: Formal

Program Outline

Wednesday 1st of March

- ❖ Registration & refreshments: 8.00-10.45 AM
- ❖ Opening Remarks: President of EGVRS 10.45 AM
- ❖ Scientific program: 11.00 AM-8.30 PM
- ❖ Welcome Reception sponsored by Alcon: 8.30 PM

Thursday 2nd of March

- ❖ Registration & Refreshments: 7.00-9.00 AM
- ❖ Scientific Program: 9.00 AM- 8.30 PM

Friday 3rd of March

- ❖ Breakfast with the Experts: 9.00- 10.00 AM
- ❖ Scientific sessions: 10.00 AM – 5.15 PM
- ❖ Adjourn & Closing Remarks: 5.15 PM

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Scientific Program Details

Day 1: Wednesday 1st of March

Theater 1

Opening Remarks: President of EGVRS 10.45 AM

Session # 1 Surgical Retina: ERM and VMT: Relieving the macula! 11.00 AM – 12.00 PM

Moderators: Sherif Sheta, Tamer Mahmoud

Topics: Each 8 minutes followed by 2 minutes discussion

- Vitreomacular traction Syndrome (VMT): wait or operate? Sherif Sheta
- Unusual cases of VMT: Hassan Mortada
- ERM peel and release for ERMs with and without macular holes: Tamer Mahmoud
- Epiretinal membrane surgery and its effect on macular microvasculature: Meriem Abdelloui
- ERM Peel ; The Good , The Bad and The Ugly: Youssef Helmy
- Lamellar macular holes: which one to touch: Hany Hamza

Session # 3 Surgical Retina: Macular trauma 12.00 PM- 1.00 PM

Moderators: Hassan Mortada, Sherif Embabi

Topics: each 8 minutes followed by 2 minutes discussion

- Traumatic macular holes ... Plus: Hassan Mortada
- ILM shelving in traumatic macular hole: Tamer Moussa
- Autologous Retinal Graft (ART) for treatment of post traumatic large macular hole on top of large macular pigmented scar: Mohamed Nowara
- Macular Perforation in Gunshot injuries: The challenge of Chorioretinectomy: Sherif Embabi
- Traumatic Sub-macular hemorrhage: Youssef Abo Zaid
- Paddle Tennis Fun: Ahmed Habib

Keynote lecture: Posterior uveitis: Infectious vs Inflammatory: Debra Goldstein 1.00 – 1.30 PM (20 minutes presentation followed by 5 minutes discussion) introduced by Dina Baddar

Lunch Symposia: 1.30-2.30 PM

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

- **Abbvie (Allergan) Lunch symposium 1:** 1.30 AM- 2.00 PM
- **Topcon Lunch symposium 2: Revolutionizing Ophthalmology: The Role of Artificial Intelligence (AI) in the Management of Retinal Diseases:** Charles Bteiche (Head of Artificial Intelligence BD in Topcon Healthcare; Director of Digital Transformation EMEA) 2.00-2.30 PM

Session # 5: View in Macular Surgery: Macula In Focus! 2.30-3.00 PM

Moderators: Ahmed Souka, Nikolaos Bechrakis

Topics: Each 6 minutes followed by 2 minutes discussion

- Digital Age Vitrectomy: Ahmed Habib
- Use of CL in macular viewing: Ahmed Souka
- Indications of iOCT imaging : Nikolaos Bechrakis
- A Non-Invasive technique for Intraoperative OCT imaging: Youssef Helmy

Session # 7 Surgical Retina: Macular holes 1: ILM flaps fashions & techniques: 3.00 -4.00 PM

Moderators: Mohamed Moghazy, Carsten Meyer

Topics: Each 8 minutes followed by 2 minutes discussion

- Comparison between the anatomical and functional results of different types of macular holes: Sherif Sheta
- Multilayer ILM flaps: one technique for all clinical entities of macular holes: Hassan Mortada
- Comparing ILM Flaps Techniques for Macular Holes: Ahmed Souka
- Modified Temporal ILM Flap Technique for Macular hole surgery: Mahmoud Farouk
- Failed MH closure after temporal inverted ILM flap, what to do next?! Mohamed Moghazy
- Unusual outcomes in flap surgery for macular holes: Mohamed Tawfik

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session # 9 Surgical Retina: Macular hemorrhages: The iceberg from tip to bottom! 4.00-5.00 PM

Moderators: Mahmoud Soliman, Wael Soliman

Topics: Each 8 minutes followed by 2 minutes discussion

- Retinal Artery Macroaneurysm: Different Presentations & management: Wael Soliman
- Vitrectomy for Sub ILM hemorrhage : Technique and outcome: Hany Hamza
- Management of sub-macular hemorrhage in leukemia: Abdullah Alqahtani
- Management of Submacular Hemorrhage, new insight !: Maged Mikhael
- Sub-macular hematoma management; personal experience: Mahmoud Soliman
- Choroidal patch graft for hemorrhagic AMD: surgical technique & outcome: Hassan Mortada

Coffee Break: 5.00-5.30 PM

Session # 10 Surgical Retina: Surgical Panel 1: Macular surgery unusual courses & surprises! 5.30 – 6.30 PM

Moderator: Mohamed Moghazy

Panelists: 8 panelists, each will present one video (4 minutes duration) followed by 3 minutes discussion.

- Idiopathic combined sub retinal and sub-ILM hemorrhage: Hany Hamza
- Tackling an Intelligent Sub-foveal Cyst: Jayanto Guha
- “Nanophthalmos Nightmare: Peter Szurman
- Surgical management of S cone Dystrophy: Mohamed Tawfik
- When the flaps are not behaving well: Ahmed El Sawy
- A surprise after Vitrectomy for neurosensory detachment associated with optic pit: Ahmed Abdelhadi
- Uncontrolled injection of blue dye during idiopathic FTMH surgery: Mohamed Moghazy
- Macular fold associated with RRD: Mohsen Abou Shousha

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session# 12 Surgical Retina: Pediatric & Juvenile Retina challenges: 6.30-7.30 PM

Moderators: Amr Azab, Mariam El Feky

Topics: Each 7 minutes. 4 minutes discussion at end of session

- Following The Crumbs trail: Caroline Tawfik
- Juvenile retinoschisis: Amr Azab
- Pearls for management of complex syndromic pediatric RD: Hassan Mortada
- Preoperative vs iOCT in management of pediatric epiretinal membranes: Mariam El Feky
- Familial exudative vitreoretinopathy: different case presentations: Mariam El Feky
- Release traction and trust the RPE (Pediatric retinal fold): Ahmed Habib
- ILM Flap for Optic Disc Maculopathy under Perfluorocarbon liquid: Technique and Rationale: Wael Ewais
- Buckle!! the magical tool for pediatric chronic RD: Ahmed Roshdy Alagorie

3 D Surgical Session powered by Alcon: 7.30-8.30 PM

Welcome Reception sponsored by Alcon: 8.30 PM

Theater 2

Session # 2 Medical Retina: Atypical & Non -AMD CNV: 11.00 AM-12.00 PM

Moderators: Magdy Moussa, Mohamed Sharaf Eldin

Topics: Each 8 minutes. 4 minutes discussion at end of session

- The indicator in the Image: Dina Baddar
- Not the fluid, it is the type of CNV: Yousra Farweez
- Subretinal neovascularization in MacTel type2: Mohamed Sharaf Eldin
- CNV complicating macular dystrophy: diagnostic tools and prognostic signs: Magdy Moussa
- A common uncommon cause of subretinal neovascularization: Amira Mostafa
- Subretinal fluid in Best dystrophy associated with CNV: Mohamed Ahmed ELShafie
- When you search for the lesion in the wrong location !!: Marwa Abdellah

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session # 4 Uveitis: White dot Syndromes: Not all spotted are Dalmatians! 12.00 – 1.00 PM

Moderators: Amani Fawzi, Terese Kamal

Topics: Each 10 minutes followed by 2 minutes discussion

- Disentangling the white dots with OCT: Amani Fawzi
- Multimodal imaging Algorithm for White dot Syndromes: Francesco Pichi
- MEWDS 'Flu of the retina': Terese Kamal
- AMPPE, Ampeginous or serpiginous: The spectrum of the disease! Magdy Moussa
- AZOOR: Debra Goldstein

Session # 6 Imaging in Uveitis 2.30-3.00 PM

Moderators: Debra Goldstein, Dina Baddar

Topics: 4 minutes discussion at end of session

- Imaging Updates in Uveitis: Debra Goldstein (10 minutes)
- OCTA vs FA in Uveitis: Francesco Pichi (8 minutes)
- Wide Field Imaging in Uveitis: Dina Baddar (8 minutes)

Session # 8 Uveitis: Granulomatous Uveitis & Masquerades 3.00-5.00 PM

Moderators: Francesco Pichi, Rana Hussein

Topics: 15 minutes discussion at end of session

- Common retina conditions masquerading as uveitis: Francesco Pichi (15 minutes)
- Posterior segment manifestations of sarcoid: Debra Goldstein (15 minutes)
- Diagnosis of Ocular Tuberculosis: Terese Kamal (15 minutes)
- TB or not TB: Doaa Maamoun (8 minutes)
- Presumed TB nodular posterior scleritis; Case Report: Mohamed Nowara (8 minutes)
- Clinical spectrum of VKH according to therapy initiation: Rana Hussein (8 minutes)
- Anterior chamber granuloma: conservative treatment versus surgical intervention: Maha Youssef (8 minutes)

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

**MARRIOTT MENA HOUSE,
CAIRO, EGYPT**

- Management of presumed trematode-induced granulomatous intermediate uveitis: Abdussalam Mohsen (8 minutes)
- Criterion well known, less commonly seen: Rana Hussein (8 minutes)
- Acanthameba Retinitis management: Ihab Abdel Aziz (8 minutes)

Session # 11 Oncology session 1: 5.30-6.00 PM

Moderators: Hany Hamza, Nikolaos Bechrakis

Topics:

- Psychological aspects in ophthalmic oncology patients: Nikolaos Bechrakis (10 minutes)
- Treatment update in Retinoblastoma: Nikolaos Bechrakis (15 minutes)
- Discussion: 5 minutes

Session # 13 Oncology case conference: 6.00-7.30 PM

Moderators: Hany Hamza, Nikolaos Bechrakis

Cases: each 10 minutes followed by 5 minutes discussion

- Case 1: Nikolaos Bechrakis
- Case2: Large choroidal melanoma with extra ocular extension: An operative surprise during lamellar resection: Ihab Saad
- Case 3: Something is leaky: Abdussalam Mohsen
- Case 4: Retinal mass presenting uveitis Vs vitreous cells presenting retinoblastoma: Ahmed Metwally Seddik
- Case 5: A new approach for a case of VHL disease in one eyed patient complicated by TRD : Mohsen Abou Shousha
- Case 6: Regrowth of Choroidal mass after Excision : Can biopsy save the eye? Hany Hamza

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Day 2: Thursday 2nd of March

Registration & Refreshments 7.00 AM

Theater 1

Session # 14 Surgical Retina: The Macula in Retinal Detachment & PVR: 9.00-10.00 AM

Moderators: Mahmoud Soliman, Barbara Parolini

Topics: Each 8 minutes followed by 2 minutes discussion

- Preventing post vitrectomy macular folds: Mahmoud Soliman
- Macular surgery in RRD with PVR: Faisal Fayyad
- Macular PVR Game: Samir El Baha
- Management of sub retinal proliferation extending to the macula (trans-choroidal hybrid technique): Maged Mikhael
- PVR in Coats disease: Barbara Parolini
- Combined PPV & Scleral buckle Vs PPV & Heavy Silicone oil tamponade in management of primary RRD with inferior PVR: Mohamed Zayed

Session # 16 Surgical Retina: Macular holes 2: Alternative procedures in large and refractory macular holes; Expand, graft & transplant: 10.00-11.00 AM

Moderators: Tamer Mahmoud, Peter Szurman

Topics: Each 10 minutes followed by 2 minutes discussion

- Hydro-dissection in macular holes: Can subretinal adhesions prevent the closure of macular holes: Carsten Meyer
- Free ILM flaps for failed macular holes: Hassan Mortada
- ART for macular holes: The past guides the future: Tamer Mahmoud
- ART: Sometimes it's the ultimate solution: Ahmed El Sawy
- Epiretinal lyophilized amniotic membrane for persistent idiopathic macular holes: Peter Szurman

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Keynote lecture: Insights into the pathophysiology of disease revealed by choriocapillaris imaging:

SriniVas Sadda (20 minutes presentation followed by 5 minutes discussion) introduced by Magdy Moussa 11.00-11.30 AM

Coffee Break 11.30 AM-12.00 PM

Session # 18 Surgical Retina: Myopic traction maculopathy: Techniques and controversies! 12.00-1.00 PM

Moderators: Barbara Parolini, Ahmed Magdy Bedda

6 Topics: Each 8 minutes followed by 2 minutes discussion

- ILM surgery for MTM: Should macular buckle be abandoned? Hassan Mortada
- Long term results of macular buckle for MTM : Barbara Parolini
- Myopic macular holes. Measurement, inaccuracy, and implications: Tamer Mahmoud
- Concepts and techniques in the management of myopic macular holes: Ahmed El Sawy
- Recurrent MMHRD, how the buckle solves the mystery: Muhammad Samir

Session # 20 Surgical Retina: surgical Panel: Macular surgery unusual courses & surprises! 1.00 – 2.00 PM

Moderator: Sherif Sheta

Panelists: 8 panelists, each will present one video (4 minutes duration) followed by 3 minutes discussion. All videos are related to macular surgery

- Case 1: A novel ILM flap technique for management of idiopathic macular hole: Sherif Sheta
- Case 2: Persistent\ iatrogenic macular hole in high myopic eyes: Barbara Parolini
- Case 3: Tamer Mahmoud
- Case 4: Recurrent retinal detachment after a second macular patch graft (ART) Mostafa Nabih
- Case 5: Macula on the edge: Samir El Baha
- Case 6: Floating macula after PPV for MMH RD! Sherif Embabi
- Case 7: It is not the ILM: Mohsen Abou Shousha
- Case 8: Lost Retina: Peter Szurman

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Bayer lunch Symposium: Regional Perspectives on retinal disorders management 2.00-3.00 PM

Moderator: Amr Bessa

Speakers: Abdullah Alqahtani, Ahmed Souka

Exhibitions 3.00-3.30 PM: stretch your legs & **Walk Like an Egyptian!**

Khufu's Group Photoshoot @3.10 PM

Session # 22 Surgical retina: The Macula in Diabetic Vitrectomy: 3.30-4.30 PM

Moderators: Mostafa Nabih, Ahmed El Sawy

Topics: Each 8 minutes followed by 2 minutes discussion

- Does surgery have role in the management of DME? Faisal Fayyad
- Diabetic VMT: follow or treat: Mohamed Tawfik
- Tractional Macular Edema: Preventing deroofting phenomenon: Mohamed Awadallah
- Diabetic tractional maculo-schisis: Mostafa Nabih
- Diabetic premacular subhyaloid hemorrhage, an easy ride or a bumpy one?!: Mohamed Moghazy
- Macular detachment after diabetic vitrectomy. Who is the culprit? Ahmed El Sawy

Session # 24 Imaging symposium: Digging Deeper and Wider! 4.30-5.30 PM

Moderators: Karim Rafaat, SriniVas Sadda

Topics: Each 8 minutes followed by 2 minutes discussion

- Novel OCT signs and biomarkers: Karim Rafaat
- Clinical applications of peripheral OCT: SriniVas Sadda
- Advantages of widefield imaging in real life: Barbara Parolini
- Imaging the choroid: digging deep is full of surprises: Magdy Moussa
- Multimodal imaging in intraocular tumors: Nikolaos Bechrakis
- How to use OCT to differentiate infectious etiologies: Francesco Pichi

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session # 25 Breaking News & New Concepts! what is New in Retina? 5.30-6.30 AM

Moderators: Amani Fawzi, Peter Szurman

Topics: Each 8 minutes. 4 minutes discussion at end of session

- New concepts in the pathophysiology of pachychoroid spectrum disease: Srinivas Sadda
- Emerging therapies for GA: are we there yet? Amani Fawzi
- High-resolution OCT: Applications in AMD: Srinivas Sadda
- Imaging at the cellular level, pericytes and macrophage like cells: Amani Fawzi
- Nanovitreoretinal technology in Macular diseases: Tamer Mahmoud
- Novel apherese (intraoperative) production of autologous thrombocyte concentrate for lamellar macular hole surgery: Peter Szurman
- Hydrogel Vitreous Substitute - A novel class of tamponades for retinal detachment surgery: Peter Szurman

Coffee Break: 6.30-7.00 PM

VITREQ in Action Symposium (Annex Room level 2) 6.30-7.00 PM

Speakers: Amr Azab, Ahmed Habib, Ahmed Fayez, Mariam El Feky

Session # 26 Surgical Retina: Sub-macular hemorrhage Panel: 7.00-7.30 PM

Moderator: Ahmed Magdy Bedda

Panelists: Tamer Mahmoud, Barbara Parolini, Samir El Baha, Peter Szurman, Mahmoud Soliman, Jayant Guha

Session # 28 EGVRS late night show: EGVRS Hard talk! 7.30-8.30 PM (controlled by stop-watch) Each talk is 10 minutes followed by audience voting 5 minutes

Anchor: Dina Baddar

Hard talk 1: ART is just a plug! Host: Sherif Embabi, Guest: **Tamer Mahmoud**

Hard Talk 2: FFA is Obsolete...! Host Ahmed Souka , Guest : **Amani Fawzi**

Hard Talk 3: New anti-VEGF Agents did not add much! & Therapies for NE-AMD did not make any difference! Host: Magdy Moussa, Guest: **Srinivas Sadda**

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Hard talk 4: Macular Buckle is Dead Again! Host: Mohamed Moghazy, Guest: **Barbara Parolini**

Theater 2

Session # 15 Medical Retina: Non-exudative AMD; the new trend in AMD! Novel OCT signs and potential therapies 9.00-10.00 AM

Moderators: Magdy Moussa, Srinivas Sadda

Topics: Each 10 minutes followed by 2 minutes discussion

- Double layer sign and GA progression: protecting the fovea! Amani Fawzi
- OCT Risk Factors for Development of Atrophy in AMD: Srinivas Sadda
- Wet AMD with Subretinal fluid Vs Dry AMD with subretinal fluid: how to differentiate and what is the management? Magdy Moussa
- Subretinal surgery and cell therapy for geographic atrophy in AMD: Peter Szurman
- Samsara SING IMT™ telescopic micro-optical device for geographic atrophy in AMD: Peter Szurman

Session # 17 Medical Retina: Diabetic Macular Edema (DME) and Wet AMD: The Retina epidemics! 10.00-11.00 AM

Moderators: Amani Fawzi, Srinivas Sadda

Topics Each 8 minutes followed by 2 minutes discussion

- Consequences of untreated fluid in diabetic macular edema: Srinivas Sadda
- DME: double pathology: does it affect the treatment strategy? Magdy Moussa
- "Diabetic Choroidopathy" discussing choroidal changes with DM and different DR stages / Macular edema: Tarek Hemeida
- Multi modal imaging in AMD diagnosis and management decisions: Karim Rafaat
- To treat, to extend or to observe: cases and dilemmas in neovascular AMD: Amani Fawzi
- RPE and Outer Retinal Atrophy (RORA) in TREX-AMD Trial: Three Years Analysis of Monthly vs Treat-and-Extend Ranibizumab: Yousef Fouad

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session # 19 Medical Panel: Macular jeopardy... Double trouble? 12.00-1.00 PM

Moderator: Magdy Moussa

Panelists: 6 panelists, each will present different case of macular diseases with atypical presentation, atypical response or double coexistent pathologies in 5 minutes followed by 5 minutes discussion

- Case 1: Srinivas Sadda
- Case 2: Amani Fawzi
- Case 3: "Is it diabetic Macular Edema: Tarek Hemeida
- Case 4: Double the trouble - vitreous hemorrhage with a White Dot Syndrome: Rana Hussein
- Case 5: A Tower of Fluid!? Sherif Embabi
- Case 6: Magdy Moussa

Session # 21 Uveitis Panel: is it infectious or may be Knot?! 1.00- 2.00 PM

Moderator: Dina Baddar

Panelists: 8 panelists, each will present different case with a possibility of an infectious cause or masquerade syndrome and its workup to decide on treatment in 5 minutes followed by 2.5 minutes discussion

- Case 1: Debra Goldstein
- Case 2: Subretinal bumps: Terese Kamal
- Case 3: Infectious uveitis treated with systemic immunosuppressive drugs: Meriem Abdelloui
- Case 4: Amani Fawzi
- Case 5: Francesco Pichi
- Case 6: A long uveitis journey seeking an end! Mariam Fadel
- Case 7: A BARN of Varicella: Dina Baddar
- Case 8: Unilateral recurrent attacks of presumed angle closure: Noha Ossama

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Session # 23 Oncology: Adult intraocular Tumors: Navigation at crossroads! 3.30 – 4.30 PM

Moderators: Nikolaos Bechrakis, Hany Hamza

Topics: Each 8 minutes followed by 2 minutes discussion

- Differential diagnosis in adult intraocular tumors: Nikolaos Bechrakis
- Surgical resection techniques in uveal melanoma: Nikolaos Bechrakis
- Temporary PFCL tamponade after Endoresection : Life is easy: Hany Hamza
- Small Macular Choroidal Melanoma: Diagnostic and Treatment Dilemma: Abdallah Elhusseiny
- Intraocular mass in opaque ocular medium: Ihab Saad
- Choroidal Osteoma : rare complication in a rare disease: Magdy Moussa

Coffee Break: 5.00-5.30 PM

Session # 27 Uveitis Panel: Fluid Down Under! 7.00 – 7.30 PM

Moderator: Terese Kamal

Panelists: Amani Fawzi, Debra Goldstein, Dina Baddar

Cases: 5 minutes followed by 2 minutes discussion

- Case 1: Trickle: Terese Kamal
- Case 2: Amani Fawzi
- Case 3: Subretinal Fluid in an 8 year old: Debra Goldstein
- Case 4: Iatrogenic Fluid: Dina Baddar

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Day 3: Friday 3rd of March

Early morning show: Breakfast with the Experts 9.00-10.00 AM

❖ Theater 1:

Moderators: Mohamed Moghazy, Hany Hamza

Experts: Tamer Mahmoud, Carsten Meyer, Nikolaos Bechrakis, Peter Szurman, Hasan Mortada, Sherif Sheta, Mostafa Nabih, Magdy Bedda

- Amniotic membrane grafts
- Macular Expansion
- ART
- Macular buckle
- Oncology

❖ Theater 2:

Moderator: Dina Baddar, Mohamed Sharaf Eldin

Experts: Srinivas Sadda, Amani Fawzi, Debra Goldstein, Francesco Pichi, Magdy Moussa, Karim Rafaat, Mohamed Sharaf Eldin

- Uveitis
- New therapies in Dry AMD
- Biosimilars and new Anti-VEGF agents
- Imaging

Theater 1:

Session # 29: Surgical retina video conference: Macular surgery challenges 10.00-11.30 PM

Moderators: Ahmed El Sawy, Wael Soliman

Panelists: Mostafa Nabih, Tamer Mahmoud, Ashraf Shaarawy, Khaled El Rakawy

Topics: Each 4 minutes followed by 3 minutes discussion

- Epiretinal membrane surgery: learning from my mistakes: Vaibhav Sethi
- Out of classic, unusual behavior of sub-foveal PFCL: Adel Zaky

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

- Postoperative surprise after uneventful vitrectomy: Bahaa Abdalla Hassan
- Have you ever seen this before? Trauma Case: Mahmoud Mekkawy
- ILM free flap: Mohamed El Massry
- ILM plug for macular hole, why and why not?: Ali Ahmed Ghali
- Foveal sparing ILM Peel in MTM: Mahrous Shaheen
- Myopic Macular hole RD ... our novel flower petal technique: Ahmed Mansour
- Retina Transplant in a case of Huge Macular Hole: Jayanto Guha
- Macular hole in highly myopic eye: Mohammed Ghoneem
- A resilient post-vitrectomy MH !!: Ahmed Abdelbaki
- Myopic macular hole detachment .. and more!: Mohamed Salaheldeen
- Not just a macular hole: Tarek Badr

Mid-Day Break & Lunch: 11.30 AM-1.30 PM

Session # 31 Pediatric Retina: ROP; The surgical epidemic! 1.30-2.30 PM

Moderators: Ahmed Abdelhadi, Hany Hamza

Topics: Each 7 minutes. 4 minutes discussion at end of session

- Macular changes in retinopathy of prematurity: Mostafa El Manhaly
- Retinopathy of Prematurity (ROP) Do we have a common consensus?: Dina Hossam
- Comparison of intravitreal injection of ranibizumab versus bevacizumab for treatment of type 1 and aggressive retinopathy of prematurity in rural Egypt. A randomized clinical trial: Ghada Mahmoud Tawfik Eladawy
- Management of Stage 3 and-a-half ROP: Youssef Helmy
- Vitrectomy for stage 4 A ROP : The last chance to save the macula: Hany Hamza
- Crunch ROP: Ahmed Mamdouh El Shafei
- How to deal with breaks during ROP surgery: Ahmed Abdehadi
- In Vivo plasmin assisted vet for stage 5 ROP, preliminary results: Ahmed Abdelhadi

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Theater 2:

Session # 30: Medical Case Conference: Medical retina & uveitis 10.00-11.30 AM

Moderators: Magdy Moussa, Rania Estwaro

Panelists: Srinivas Sadda, Mohamed Sharaf Eldin, Terese Kamal

10 cases each 7 minutes followed by 2 minutes discussion

- Henle 's nerve fiber layer hemorrhage with AMN: Mohamed Sharaf Eldin
- When History Solves the Mystery: Vaibhav Sethi
- Silent water pump: Rania Estawro
- A routine with a surprise: Nehal Ezzat Shawky
- When Eye and Body do NOT go hand in hand; Diagnostic and Therapeutic Challenge!: Hind Amin
- Fluctuating Fluid: Youstiena Rafaat
- Early onset monocular hydroxychloroquine maculopathy in an SLE patient with history of CRAO: Ahmed Ameen Ismail
- Ball in the brain!: Fatma Radwan
- Intermediate Uveitidis are not created equal: Nanacy Hazem
- Subretinal fluid: Unusual case scenario and response: Esraa Diab

Session # 32: Imaging 2: The bigger Picture: The Macula & beyond! 1.30-2.30 PM

Moderators: Amani Fawzi, Karim Raafat

Topics: Each 8 minutes followed by 2 minutes discussion

- Photoreceptor Outcomes following Pneumatic Retinopexy vs Pars Plana Vitrectomy for Retinal Detachment Repair: Srinivas Sadda
- Non-vasogenic Cystoid maculopathy: Karim Rafaat
- Bacillary Layer Detachment with Malignant Choroidal Tumors: Yousef Ahmed Fouad
- Air Detective: Rani Estawro
- OCTA insights in MacTel: imaging neurovascular interactions: Amani Fawzi
- Use of UWF in Diabetic Retinopathy screening (experience of a reading Center): Ahmed Souka

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

Mid-day break & lunch 11.30 AM- 1.30 PM

Main Hall (Theaters1+2)

Session # 33 Mystery Retina 2.30 – 3.30 PM

Moderator: Magdy Moussa

Panelists: 6 panelists, each will present different mystery cases in 5 minutes followed by 5 minutes discussion

- Mystery Case 1: Srinivas Sadda
- Mystery Case 2: Magdy Moussa
- Mystery Case 3: Debra Goldstein
- Mystery Case 4: Amani Fawzi
- Mystery Case 5: Dina Baddar
- Mystery Case 6: Francesco Pichi

Omar Rashed Obituary: Presented by Sherif Embabi 3.30-3.40 PM

Prof Omar Rashed Memorial Keynote lecture:

“What have we learned from OCTA about diabetic retinopathy”: Amani Fawzi (20 minutes presentation followed by 5 minutes discussion) introduced by Sherif Embabi 3.40-4.10 PM

Session # 34 Panel: when Medical retina meets Surgical retina 4.10- 5.15 PM

Moderators: Tamer Mahmoud, Francesco Pichi

Panelists: 8 panelists each presenting a video in 5 minutes of a medical retina case that needed surgery followed by 3 minutes discussion

- Macular Retinoschisis: Tamer Mahmoud
- Macular holes on top of a PED: Can we release VMT on a detached monolayer without inducing a RPE-tear? : Carsten Meyer
- Diagnostic vitrectomy for unclear retina infiltration in a young woman: Peter Szurman

20TH ANNUAL MEETING OF THE
EGYPTIAN VITREORETINAL SOCIETY

EGVRS

1-3 MARCH, 2023

 MARRIOTT MENA HOUSE,
CAIRO, EGYPT

- A case of choroidal lymphoma masquerading as Birdshot: Francesco Pichi
- CMV retinitis in a lymphoma patient complicated by RD: Sherif Embabi
- Surgery for exudative retinal detachment with subretinal fibrosis: Mostafa Nabih
- Vitrectomy for traumatic vit hemorrhage in 3 years old child with leukemia: Ahmed Abdelhadi
- Macular holes in Behcet uveitis; presentations and outcomes: Mahmoud Soliman

Meeting Adjourn & closing Remarks: 5.15 PM
